

Day20, Monday September 30, 2019

Hi, folks: With me out today, you should do the following:

1. Wrap up everything from Friday (see [Day19NoteFromMrHays.pdf](#) on my web site.
2. Day20.java coding assignment, due today.

I will be back at school Wednesday for a normal day. Remember: if you are stuck on something today talk with Nik our TA or a classmate.
